

NWPA EXHIBITION 2010 - DIGITAL FILE RULES

All Digital Files must be submitted in the following format :

1) **Mode** - RGB Colour - 8 bits only or Greyscale 8 bits.

Please note that the projector works in the colour sRGB. The projector will automatically convert to sRGB, but it is recommended that you submit files in sRGB.

2) **File Format** - Save images as high quality jpegs using Baseline - Standard

3) **Image Size** - 1400 pixels horizontal {max}, 1050 pixels vertical {max} If image does not make use of all these pixels { eg portrait image 800 pixels wide X 1050 pixels high} feel free to fill the space with a colour or pattern that enhances the image. DPI makes no difference, but may be set at 96 dpi if wished.

4) **Images** must not contain layers - flatten prior to saving.

5) **The image area** {1400 x 1050} must not display titles/authors name

6) **Image 'Filename'** - Images must be numbered 01, 02, 03, etc {as on entry form} followed by _ surname_ first name capital letter_ title. Example : 01_Roberts_A_Yr Wyddfa. jpeg

Max 20 characters. Note that the character _ used in the file name is an underscore and not a hyphen!

7) **Either**

Submit all images together on one disc {CD-R} Write files making certain that the session is 'closed' - ie no multi session - and that the disc can be read on a computer other than that on which it was written. Write your name, phone number and email address on the CD using a permanent marker.
